

**DAYTON CHURCH OF CHRIST
CREATION/EVOLUTION SEMINAR
June 6-11, 2010**

**Sunday Morning
9:30 a.m,
10:20 a.m.**

**Sunday Evening
6:00 p.m.**

**Monday thru Friday
7:00 p.m.**

**DR. DON PATTON
Geologist and Creation Scientist
Port Neches, Texas**

Monday through Friday evening will be conducted as a lecture series and not as a worship service. Anyone searching for clear answers in the creation/evolution debate will benefit from Dr. Patton's presentations. The issues presented are non-denominational and will provide answers particularly for our kids who face a consistent stream of evolution theory in their science classes.

The subjects that will be explored are:

Sunday - 9:30 - Dead Sea Scrolls

Sunday - 10:20 - Noah's Ark

Sunday - 6:00 - Stones of Israel

Monday - 7:00 - What Is Creation Science

Tuesday - 7:00 - Evolution And The Laws Of Science

Wednesday - 7:00 - How Old Is The Earth

Thursday - 7:00 - The Record Of The Rocks

Friday - 7:00 - What Does The Fossil Record Reveal

Sunday evening through Friday evening will consist of two thirty minute sessions with two fifteen minute Q&A periods from the audience. These services will last for one hour and thirty minutes.

For directions to the building see the church web site at www.daytoncofc.com

DR. DON PATTON
